As you may be aware, SIDS is the sudden, unexpected death of an infant that remains unexplained after all known and possible causes have been ruled out. It is the number one cause of death for infants one month to one year of age, claiming 2,300 babies in the United States each year. Please join together with the Lillis & Noblitt clans to raise money to support research, educate, and counsel other families that will experience tragedy as we have.

Kyle Anthony Lillis was born with his twin brother, Corrigan James, on Saturday, February 23, 2008 just before midnight. Kyle was strong and feisty in his early days and was the first of the twins to give Mom, Dad and big brother Emmanuel great smiles. The birth of him and his brother brought family members from the US and Dominican Republic around to celebrate and love them and provide help to Mom and Dad. We traveled to visit family in New Jersey and New York and he loved every minute of the attention he received. We were looking forward to introducing him to the Missouri family and friends when he was chosen to join God on June 22, 2008. In his memory, over 125 people have walked the past two years in a SIDS walk in New Jersey raising over \$6,000 to support SIDS research.

Francis Martin Noblitt was born on February 21st, 2009. He was the fourth addition to our family and he truly made it complete! While only here for a short time, Frank adapted well to family life. He adored his brother and sisters and enjoyed to travel, he even had the chance to meet Mickey Mouse and the gang! Mother's Day, 2009, our perfect world came to a screeching halt. Frank died sometime in the night and we woke to absolute horror. Losing a child is the single worst tragedy that a parent will face. As we work through our grief, we want our son's name to live on.

Since family and friends are so important to both the Lillis and Noblitt clans, we want everyone to come and enjoy the day with us even if you don't play golf. There will be something for all!
